

ENVIRONMENTAL POLICY

SANTOS BARTOLOMÉ, S.A., is committed to the protection and conservation of the Environment. Our intention is to be recognized by our clients, employees, the community and any other interested entity, as a responsible Company, committed to continuous improvement in environmental control and pollution prevention.

Based on this, we commit to:

- Establish objectives and goals that consider environmental aspects as an integral part of new decisions, taking into account the nature, magnitude and environmental impacts of the activities.
- Comply with environmental legislation and regulations and other requirements that the organization subscribes related to environmental aspects.
- Be committed to protecting the environment, taking into account the sustainable use of resources and the protection of biodiversity and ecosystems to collaborate in mitigating climate change.
- Promote the awareness of all employees, as well as suppliers and subcontractors on environmental issues related to their work.
- Communicate this environmental policy to all members of the Company and make it available to all interested parties.

The implementation of this policy is a fundamental objective of the management and is the responsibility of all those who work for and on behalf of SANTOS BARTOLOMÉ, S.A.
